Budget Tour "BUDGET BLAST" !!! 24 August 08

We meet at the back of Kenilworth Pub at 7.30a.m. Once the paper work was out of the way, Boyley read the "Riot Act" (Riders Brief to be specific). 8.15a.m. 'Riders start your Engines' as 15 eager riders were about to be blessed with some of the best trails that SEQ has to offer. Less than 1km from the pub and it was straight into it! Single lane heaven, hill climbs, descents "Whoop Boys" you name it! A stop for fuel for the bikes and bodies then back into it over to Foreign Legion for lunch. After lunch it was some "good old fashioned" play racing on some ripper flowing MX style tracks, lots of dust and hugest grins at the end as the boys debated on who was first and what came second!! Before we knew it all came too an end, as we turned onto the bitumen and back to Kenilworth. The bench racing flowed as the boys cooled down and loaded up for the journey home. This turned out to be a great concept and we will do it again, keep an eye out for our latest ride "THE BUDGET BLAST"

The Budget Blast Boys nice and clean

Done and Dusted!!
